## Drawing and Perspective

9am - 12:00

Perspective doesn't have to be intimidating! It's just lines and a couple of dots. Let us help you understand what it all means. And how it all works and helps make your drawings show more dimension and interest. Various steps will be explained, at least one sketch will be done to then use in the second segment of the class in Colored Pencil. By the time we're done, you'll be able to draw those train tracks and telephone poles and anything else that comes your way.

**Lunch - 12:00 - 1:00** We will have info for lunch options with supply list.

## Drawing and Colored Pencil

Various techniques will be presented so that you will be creating your works of art in a short time. Drawing experience is helpful, but not required.

Supply list will be sent to you via email after you register.
